SECTION 1: BACKGROUND AND PURPOSE

Institute of International Education
The Institute of International Education (IIE) is a New York not-for-profit corporation that is among the world’s largest and most experienced international education and training organizations. Founded in 1919, IIE promotes educational exchange around the world through a wealth of programs and services including Fellowship and Scholarship Management, Higher Education Institutional Development, Emergency Student and Scholar Assistance, and Leadership Development.

For more than 90 years, IIE has promoted educational exchange around the world. IIE currently implements more than 200 programs benefiting 40,000 participants from 183 countries. Foremost among these programs is the world-renowned Fulbright Program, which IIE has had the honor to administer on behalf of the U.S. Department of State since the program’s inception in 1946. In addition to the U.S. Department of State, program sponsors include: the U.S. Agency for International Development (USAID); World Bank; major philanthropic foundations; private and public corporations; foreign governments; and individuals.

IIE has its global headquarters in New York City and additional offices around the world, including in the United States (Washington, D.C.; Chicago; Denver; Houston; and San Francisco) and in other countries (China, Egypt, Ethiopia, Hungary, India, Indonesia, Mexico, Russia, Thailand, Ukraine, and Vietnam).

Benjamin A. Gilman International Scholarship Program
The U.S. Department of State’s Benjamin A. Gilman International Scholarship Program enables students of limited financial means to study or intern abroad, thereby gaining skills critical to our national security and economic prosperity. The merit-based Gilman Program broadens the student population that studies and interns abroad by supporting undergraduates who might not otherwise participate due to financial constraints. The Gilman Program aims to encourage students to study and intern in a diverse array of countries and world regions. The Gilman Program also encourages students to study languages, especially critical need languages (those deemed important to national security and diplomacy), and provides limited additional funding through a supplemental Critical Need Language Award. By supporting undergraduate students who have high financial need, the program has been successful in supporting students who have been historically underrepresented in education abroad, including but not limited to first-generation college students, veterans, students in a wide array of fields, ethnic minority students, students with disabilities, students attending HBCUs or other minority-serving institutions, students attending community colleges, and students coming from U.S. states with less study abroad participation. The Gilman Program seeks to assist students from a diverse range of public and private institutions from all 50 states, Washington, D.C., and all U.S. territories. The Gilman Program is a program of the U.S. Department of State with funding provided by the U.S. government and supported in its implementation by IIE.

Critical Language Scholarship Program
The U.S. Department of State’s Critical Language Scholarship (CLS) Program is an intensive overseas language and cultural immersion program for American undergraduate and graduate students enrolled at U.S. colleges and universities. The program includes intensive language instruction and structured cultural enrichment experiences designed to promote rapid language gains in 15 critical languages: Arabic, Azerbaijani, Bangla, Chinese (Mandarin), Hindi, Indonesian, Japanese, Korean, Persian, Portuguese, Punjabi, Russian, Swahili, Turkish, and Urdu. CLS offers approximately 550 awards per year for eight- to ten-week summer overseas language immersion programs. CLS is part of a wider government program

initiative to expand the number of Americans studying and mastering foreign languages that are critical to national security and economic prosperity. The CLS Program is a program of the U.S. Department of State with funding provided by the U.S. government and supported in its implementation by American Councils for International Education.

**Purpose of Request for Proposal**
The purpose of this Request for Proposal (RFP) is to invite accredited U.S. higher education institutions to submit a proposal to host a full-day Advisor Workshop for campus advisors of the Benjamin A. Gilman International Scholarship Program (the Gilman Program) and the Critical Language Scholarship Program (the CLS Program). Previous workshops have been held in Arizona, California, Georgia, Illinois, Kentucky, Mississippi, and Rhode Island. Applications from institutions outside these geographic areas will be given preference. The responsibilities and expectations of hosting the workshops are outlined in Attachment A.

The workshops are conceptualized and sponsored by the U.S. Department of State’s Bureau of Educational and Cultural Affairs, as part of the Gilman Program, implemented by IIE, and the CLS Program, implemented by American Councils for International Education. The recipient institution is therefore required to comply with the Uniform Guidance at 2 CFR 200 as applicable.

The workshops are to take place on a mutually-agreed-upon day in May, June, July, August, or September of 2019, and will be held on a Friday. The workshop will host approximately 50 Gilman and CLS advisors, in addition to approximately three total ECA, Gilman, and CLS Program staff members.

**Objectives of the Advisor Workshops**
- To share best practices for:
  - Promoting the Gilman and CLS Programs to potential applicants;
  - Supporting applicants during the application process;
  - Engaging with alumni upon program completion; and
  - Leveraging alumni for recruitment and promotion.
- To provide advisors with in-depth resources for and updates to the Gilman and CLS Programs.
- To build and strengthen the Gilman and CLS advisor networks for future sharing of resources and best practices.

**SECTION 2: RFP CONDITIONS**

IIE reserves the right to:
- Reject any or all offers and discontinue this RFP process without obligation or liability to any potential Offeror or other party.
- Accept other than the lowest price offered.
- Award a contract on the basis of initial offers received, without discussions or requests for best and final offers.
- Award more than one contract.

Nothing in this RFP is, or should be relied on by the Offeror as, a promise or representation by IIE. IIE does not make any representation or warranty as to the completeness of this RFP or have any liability for any representations (express or implied) contained in, or omissions from, this RFP. This RFP and any replies to any written notifications are transmitted to the Offeror solely for the purposes of the Offeror preparing and submitting a Proposal. Each Offeror shall keep the RFP and its contents confidential and shall return
the RFP (without keeping copies) to IIE if the Offeror elects not to submit a proposal, or upon being requested to do so by IIE.

Any information or materials submitted in response to this RFP and/or as a proposal (whether successful or unsuccessful) shall become the property of IIE and will not be returned. In submitting a proposal, you must agree that your offer shall remain firm for a period of no less than 120 days from the RFP closing date. Failure to follow the specifications and requirements provided in this RFP may result in disqualification.

The successful Offeror will be obligated to enter into an agreement containing the same or substantially similar terms and conditions found at: https://www.iie.org/en/Work-With-Us/Subawards-Procurements/Solicitations-for-Goods-and-Services. The terms and conditions may be changed, added to, deleted or modified by IIE prior to awarding the agreement. Other terms and conditions may be negotiated between IIE and the successful Offeror, at IIE’s discretion. State universities and agencies should not expect or ask IIE to modify its terms and conditions to incorporate any state regulations or statutes.

SECTION 3: PROPOSAL PREPARATION INSTRUCTIONS

Offerors are also invited to send any additional information or supplemental material they believe will aid IIE in properly evaluating their service offerings. Please be sure to respond to each of the elements requested and frame your answers in direct response to the information being sought.

ATTACHMENT B: COST PROPOSAL

Submit a detailed budget for the services described in the technical proposal. IIE’s review of the cost proposal shall determine if the overall costs proposed are realistic for the work to be performed, reflect a correct understanding of the project requirements, and are consistent with the Offeror’s Technical Proposal.

The proposed budget should be submitted using the following format. The Offeror may list any cost line items, but it is recommended that the Offeror follow the major categories listed below, breaking down all “lump sum” items as much as reasonably possible.

Budget

- Offerors should carefully review the following budget guidelines before submitting a proposal. The budget should include a total program cost and a per-participant cost based on an estimated 53 participants (including program staff). All efforts should be made to keep costs as low as possible; cost sharing is encouraged. The estimated maximum amount for one Gilman-CLS Advisor Workshop is $7,500.

The budget (in Excel) should include detailed information including, but not limited to:

- Refreshments/Meals: Per-person cost x 53 participants.
- Facility Fees: Rental, security, janitorial and other costs.
- Signage at check-in table and in main meeting room. Required Department of State branding must be included.
- Name tags for all attendees, including ECA, IIE, and American Councils staff.
- Development of workshop resources as described.
- Staff Requirements: Primary organizers will be provided with financial support. Identify staffing requirements by each position title and, as necessary, brief description of duties. List annual salary of each position, percentage of time and number of months devoted to project (e.g., Program Coordinator: $30,000/year x 25% x 3 months; calculation: $30,000/12 = $2,500 x 25% x 3 months = $1,875).
- Honoraria for presenters not included in “Staff Requirements.” The proposal could include recommended honoraria amounts for anticipated speakers, as applicable (not to exceed $200 per speaker).
- Administrative Costs: Provide specific information on salaries, postage, telephone, materials and supplies, indirect and overhead costs, and any other relevant costs (as described).
  - An organization with an audited indirect cost rate (NICRA) negotiated with a cognizant federal government agency should include a copy of the cost-rate agreement as an addendum to the budget. The Offeror must indicate in the proposal budget how the rate is applied.
- Cost sharing is strongly encouraged, but not required. Some common areas of cost sharing include any combination of waived staff salaries, waived honoraria, waived room rental fees, and parking.
  - Cost sharing is defined as actual monetary contributions provided in support of the proposal, or in-kind contributions, which include items such as prorated staff time, discounted costs, speaker fees, and office and meeting space rental costs that are waived. Cost sharing may be contributed by the grant recipient or by other organizations or institutions. Volunteer hours contributed are also a form of cost sharing and a valuable resource. Please include an estimate of the number of volunteer hours that will be donated.
for the activity in the budget narrative. Recipient organizations will be expected (to the best of their ability) to track volunteer hours and include them in their final report.

Please attach a budget narrative describing costs outlined in the budget, which should include:

- Per-person cost for meals, event space, and other items;
- Sources for cost-sharing contributions;
- Estimated volunteer hours.

Program funds cannot be used for:

- Alcohol, gifts, and non-expendable items or equipment, such as computers, office furniture, etc. (must be donated or paid for with non-U.S. government funds);
- International travel or extensive local travel;
- Other unallowable costs per 2 CFR 200- Subpart E.
ATTACHMENT C: SUGGESTED AGENDA

The suggested workshop agenda is a broad framework that Offerors can adapt to include creative ideas for engaging and interactive sessions that build on the skills and expertise of the participants. Sessions should focus on sharing best practices and allow time for participants to explore how various strategies may work in their unique academic environments.

We expect the workshop will be highly participatory, involving interactive activities, discussion, and sharing of experiences among participants. Workshops should also allow time for processing and application of learning. Solely lecture-style sessions are not permitted. Creative, structured networking activities during breaks or lunch are encouraged but not required. Please include short breaks in the morning and afternoon, in addition to lunch. Physical movement opportunities for participants in the room/facility throughout the day is highly desired. Having participants sitting in the same seat throughout the day is not acceptable, as it does not promote networking or interactivity.

The Gilman and CLS Programs are open to additions or changes in the suggested agenda times and structure as well as session content. Host institutions may choose to send pre-workshop questions or small assignments to the participants in advance of the workshop.

For each proposed session to be developed and implemented by the host institution, the proposal must include:

1. Name and background of all proposed speaker(s) and their qualifications to speak on the subject matter.
2. Confirmation that each speaker understands, or will be briefed on, the background of the participants and the purpose of workshop (if they are not from the host institution) to ensure the content is geared for the specific audience.
3. A list of objectives and anticipated learning outcomes, including how the session contributes to the goals of the workshop.
4. A short description of how the session will be interactive and, as applicable, include physical movement.
5. A short description of how the session will contribute to networking, as applicable.
8:30 a.m. – 9:00 a.m.  **Coffee, Registration, and Networking**

9:00 a.m. – 9:15 a.m.  **Welcome & Introduction of Staff** (Host Institution, ECA, IIE, American Councils)

9:15 a.m. – 10:15 a.m.  **Participant Introductions**
This session should be robust and include enough time to ensure all participants know who is in the room, which institution they are from, and their role at their campus. Interactivity is highly desired. This section of the day should go beyond simple introductions and strategically promote networking, a key goal of the workshop.

10:15 a.m. – 11:00 a.m.  **Program Overviews and Q&A** (Gilman and CLS Staff)

11:00 a.m. – 11:15 a.m.  **Coffee Break**

11:15 a.m. – Noon  **Gilman and CLS Application Review and Selection Criteria** (Gilman and CLS Staff)

Noon – 4:20 p.m.  **Content from Host Institution:** Potential topics for sessions are itemized below; however, all of these topics do not need to be included in the workshop. Offerors should propose the combination of topics they believe to be the most impactful and relevant for study abroad advisors and the best fit within the allotted timeframe. Of primary importance is giving participants ample time for networking and ensuring the entire day is interactive. Lecture-style-only sessions are not permitted.

- Role of the Gilman and CLS Campus Advisor
- Supporting Students Through the Application Process
- Writing a Competitive Essay
- Utilizing the Gilman and CLS Programs to Build/Expand Study Abroad Campus Capacity
- Strategies for Leveraging Gilman and CLS Programs on Campus
- Strategies for Increasing Awareness of Study Abroad Opportunities
- Next Steps/Plans for Applying Lessons Learned

*Note:* one session must be an “unconference” session. More information is provided in the next section of this document.

4:20 p.m. – 4:30 p.m.  **Time for Reflection**

- Each participant should have a page in their conference materials to reflect on what they learned, outline steps they will take upon returning to campus, and name three other participants they plan to follow up with, in order to continue to share ideas and best practices related to study abroad. A sample worksheet could be included in the submission. However, this is not a time for an evaluation of the day, as IIE
4:30 p.m. – 4:40 p.m.

will be conducting an online survey of all participants. Offerors may propose a different model for reflection. Creativity is encouraged.

Unconference Session
During the registration process, participants will be asked to indicate their topics of interest for this session and the results will be made available in advance to the host institution. A minimum of 3 breakout rooms will be needed for this session. The host institution would potentially work with participants in advance to discuss this session as well. A description of an unconference can be found at: https://www.ncbi.nlm.nih.gov/pmc/articles/PMC4310607/. Offerors are encouraged to propose creative ideas for this session. Lecture-style sessions are not permitted. Offerors should clearly define their perspective on how this session will operate, as well as their definition of “interactive sessions.”

Potential Sessions:

Offerors are encouraged to be creative and identify sessions that would be of most value to the participants. Below are examples of past sessions; however, new ideas are welcomed.

**Utilizing the Gilman and CLS Programs to Build/Expand Study Abroad Campus Capacity**

Many institutions utilize study abroad scholarships to expand study abroad capacity on their campuses, which often includes expanding staff numbers, gaining campus senior leadership support of study abroad activities, engaging faculty, cross-departmental relationship building, and leveraging other scholarship dollars. In this session, participants discussed strategies their office or campus has employed and the associated challenges and successes.

**Strategies for Leveraging Gilman and CLS Programs on Campus**

This session enabled participants to share how they leverage Gilman and CLS to support students with financial need. They discussed how to prepare students to budget for their time abroad and best practices for combining other resources on campus with Gilman and CLS.

**Strategies for Increasing Awareness of Study Abroad Opportunities**

Using the skills and expertise of participants, this interactive session focused on various strategies for increasing applicants for study abroad and awareness of these programs on campus. This included a panel discussion and small-group activities related to campus networks, outreach activities, and utilization of study abroad alumni. Advisors were also encouraged to share best practices.

**Next Steps and Plans for Application**

This session included a reflection on the activities of the day and plans or ideas for using the networks and learnings in the future.
